

**Toya's problem is so severe that she has the best  
doctors in the country working on it.**

**Toya's problem is that her parents can't afford health insurance.**

Many people in this country can't afford health insurance. But the American Medical Association (AMA) has a proposal that would provide coverage and choices for everyone, including families like Toya's. The AMA is hundreds of thousands of doctors treating patients and working on their behalf. Visit [VoiceForTheUninsured.org](http://VoiceForTheUninsured.org) to view our proposal.
